INSTRUCTIONAL DESIGN FOR HEALTH PROFESSIONS MAJOR, B.S. (Online)

Media, Journalism & Digital Storytelling Department, School of Communication Arts

The online Instructional Design major equips students with knowledge and skills for immediate entry into the instructional design field. Students interested in instructional design in a health professions setting can major in Instructional Design for Health Professions. With an emphasis on theory and practice, the program exposes students to prominent instructional design philosophies and the applications of various models in authentic contexts. The program introduces students to the technologies and tools that support the design of instructional systems and solutions. It also connects students with leaders in the field and exposes students to real examples of instructional design problems and products.

To graduate must complete all major requirements, foundational requirements, and additional electives needed for 124 hour minimum degree requirement.
