## **ORGANIZATIONAL MANAGEMENT, B.S. (Online)**

Howard and Beverly Dayton School of Business

The Organizational Management major in the APS program provides the student with a general overview and function of management within an organization. This program provides students with the core competencies in management, accounting, marketing, organizations, and decision making, and does so from the standpoint of Christian virtues and ethics, such that students can be highly effective in their personal and professional lives. A particular advantage of this program is that non-traditional students bring a diverse array of life and work experiences to courses and the interaction of cohorts of students—this adds richness to the program. Encountering business from a Christian perspective provides students with a deeper understanding of the opportunities and challenges in the for-profit and nonprofit sectors of the economy and society.

*To graduate must complete all major requirements, foundational requirements, and additional electives needed for 124 hour minimum degree requirement.*
