

2018-2019

PRE-NURSING MAJOR, B.A.

Science & Health Department; School of Science, Health & Mathematics

Asbury University offers a major in Pre-Nursing which provides options to students interested in pursuing a career in nursing.

1. Students may complete an Asbury University degree by transferring to and completing credits at an approved school of nursing in their fourth year. Students take a prescribed course of study (PNR) and the AU Foundations courses at Asbury University. The PNR major must transfer to an accredited 4-year school of nursing. Upon completing a full-time (30 hours) year of professional nursing courses the credits must be transferred back to Asbury University to complete the Bachelor of Arts degree in Pre-Nursing. Asbury has an arrangement only with UK-CON for accepting qualified Asbury students, but other Schools of Nursing may be used.
 - A. University of Kentucky - College of Nursing (UK-CON) – Students can complete two degrees by successfully completing this program, a Bachelor of Arts in Pre-Nursing from Asbury and a Bachelor of Science in Nursing from the University of Kentucky. Participating students take the prescribed course of study at Asbury, including the Foundations courses, and then transfer to University of Kentucky -College of Nursing. To complete the Asbury University degree in Pre-Nursing the first 30 credits of nursing courses from UK must be officially transferred to Asbury University upon completion.
 - B. Other schools of Nursing – Students may transfer to other approved nursing schools although there is no agreement on admission or programs at these other schools. The Asbury degree is completed by the official transfer of the first 30 credits of nursing courses. Degrees and requirements for the other nursing schools vary. The school must be approved for use in the Pre-Nursing degree program.
2. Students may complete the pre-nursing requirements and seek admission to a nursing program without completing the Asbury three year pre-nursing curriculum and the Foundations requirements. This option will not lead to a degree from Asbury. No transfer of nursing courses would be needed.
3. Students with other Asbury majors may complete pre-nursing requirements without declaring the PNR major. Contact the Health Professions Advisor if you are interested in any nursing/medical related field.

To graduate must complete all major requirements, foundational requirements, and additional electives needed for 124 hour minimum degree requirement.

Pre-Nursing Program restrictions

1. PNR Student completes the major requirements at Asbury. PNR majors transfer to an accredited 4-year school of nursing to complete the major and the AU degree by finishing one full-time year (30.0 hours) of nursing courses. These credits must be officially transferred back to Asbury University to receive an AU degree. Students must have 124.0 total hours to receive an AU degree.
2. PNR Student may not have a double major. If completing any other Asbury major the Pre-Nursing major will not be listed. Student will complete and graduate from Asbury University in the other major only. However, any student who is preparing to apply for nursing or medical schools should contact the Health Professions advisor about taking required pre-nursing or pre-medical courses outside their declared major.
3. ^Transfer course restrictions: 50% of the PNR major must be completed at Asbury University (minimum 33.0 major hours at Asbury) with the transferred nursing hours accounting for the other 50% of the major. If any of the below listed major courses are taken at other schools the student will be required to take additional Asbury University course hours in BIO, PSY, CHE, or SOC to account for the 50% at Asbury.
4. The 75.0 hours maximum transfer rule applies and includes the 30.0 nursing hours which limits all other transfer hours and institutional credit to 45 hours.
5. All Pre-Nursing students are reviewed at the end of the sophomore year (60.0 cumulative hours). After 2 years, students should have no grade below a "C" in all BIO and CHE courses, a minimum science GPA of 3.00, and a cumulative GPA of 3.00, in order to continue in the program.
6. Changing out of the PNR major - A student who decides not to pursue nursing needs to make this decision by their junior year to allow sufficient time to complete the courses needed for another major. Discuss major changes with the Health Professions advisor.

MAJOR REQUIREMENTS (65)

Continuing to nursing program requires grade of "C" or better in all BIO & CHE courses, minimum science GPA of 3.00, and cumulative GPA of 3.00.

[Please indicate with (T) if requirement met by transfer course]

Choose one Biology with lab:

__ 4 BIO 100+101 Biological Science ___ Lab
BIO 201+203 General Biology I ___ Lab

Take:

__ 3 BIO 211 Microbiology
__ 1 BIO 213 Microbiology Lab
__ 3 BIO 252 Nutrition
__ 3 BIO 262 Human Physiology
__ 3 BIO 331 Human Anatomy
__ 2 BIO 341 Ethical Issues

__ 3 CHE 115 Chemistry for Health Sciences
__ 1 CHE 117 Chemistry for Health Sci Lab

__ 3 PSY 101 General Psychology
__ 3 PSY 201 Developmental Psychology

__ 3 SOC 100 Intro to Sociology

Choose one Statistics course:

__ 3 PSY 315 Stats for Behavioral Science
MAT 232 Probability & Statistics (transfer only)

Complete 30 Nursing Transfer hours:

__ 30+ T-PNR courses
Credits transferred from an accredited four-year school of nursing

PLUS FOUNDATIONAL REQUIREMENTS (39)

(3 hours Social Science and 4 hours Science satisfied by required major courses.)

Plus electives needed for the 124 hour degree requirement (20)

^Additional courses below can count towards the 33.0 hours of Asbury University PNR major credits in place of transfer courses.

__ 3 BIO 202 General Biology II
__ 1 BIO 204 General Biology II Lab
__ 3 BIO 280 Scientific/Medical Terminology
__ 3 BIO 322 Genetics
__ 3 BIO 372 Cell & Molecular Biology
__ 1 BIO 374 Cell & Molecular Biology Lab
__ 3 BIO 379 Immunology
__ 3 CHE 121 Gen College Chemistry I
__ 1 CHE 123 Gen College Chemistry I Lab
__ 3 CHE 122 Gen College Chemistry II
__ 1 CHE 124 Gen College Chemistry II Lab
__ 4 CHE 201 Organic Chemistry I ___ Lab
__ 4 CHE 202 Organic Chemistry II ___ Lab
__ 3 PSY 220 Stress Management
__ 3 PSY 342 Cross-Cultural Psychology
__ 3 PSY 351 Counseling I
__ 3 PSY 352 Counseling II
__ 3 PSY 360 Abnormal Psychology
__ 3 SOC 201 Social Problems
__ 3 SOC 230 Leading Groups
__ 3 SOC 312 Intercultural Relations
__ 3 SOC 353 International Social Issues
__ 3 SOC 414 Perspective on Aging
